## NEW eBook TITLES FOR SUMMER

Horseheads Middle School is gearing up for summer break. While summer presents an opportunity to relax and enjoy the sunshine, we want our students to continue to find ways to learn while away from the classroom.

We have an exciting reading service available through Sora, our student reading app, which provides free 24/7 access to eBooks and audiobooks. Learn more about Sora and its perks for you and our students here: <https://meet.soraapp.com/>.

This summer, the OverDrive Summer Read program will offer a collection of Juvenile and Young Adult titles that will be displayed in Sora for quick and easy unlimited access from June 6 – August 15, 2019. You can explore the title offerings and learn more about the program here: <https://resources.overdrive.com/summer-read/>.

Your libraries are Horseheads Central School District and the Greater Southern Tier BOCES Shared Digital Collection. Your code to sign in is your school ID and Passcode, the same that you use to sign in on computers at school. You can also select public libraries where you have a card, like the Southern Tier Library System, and sign in with your library card number (ID) and passcode. We hope you will enjoy the summer titles and books in our collection this summer.

Sora is the perfect app for travel reading!!! Enjoy! Keep track of minutes you spend reading and add the time to the Read-A-Palooza Reading Challenge!

## Emotional Health Screenings Available for all Chemung County Youth, Ages 4-21

It is important to regularly check on your child's emotional health. A child who does not feel well emotionally can become physically sick; physical illness can affect emotional health. In any event, it is more difficult for a child who does not feel well to be interested in going to school or succeeding in school. When emotional health concerns are dealt with early, we can help young people get the most out of their education and lead happy, productive lives.

### **Good emotional health leads to:**

Good Relationships  
Good Decisions  
Ability to deal with life's challenges  
Interest in school  
Improved physical health

### **Emotional Health Issues can affect:**

School Performance  
Physical Health  
Personal Relationships  
Actions toward others

Completing an emotional health screening is a simple effective way to look at a child's emotional development. To participate in the screening, it is necessary to complete a consent form and the emotional health screening form for your child.

**Forms are available on the School District website; [www.horseheadsdistrict.com](http://www.horseheadsdistrict.com)., under More Information.**

For additional information please contact;

# Pesticide Application

New York State Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty and staff, regarding the potential use of pesticides periodically throughout the school year.

The Horseheads School District is required to maintain a registry of persons in parental relation, faculty and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following pesticide applications are **not** subject to prior notification requirements:

- A school remains unoccupied for a continuous 72 hours following an application
- Anti-microbial products
- Nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children
- Nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children
- Boric acid and di-sodium octaborate tetrahydrate
- The application of EPA designated biopesticides
- The application of EPA designated exempt materials under Title 40, Code of Federal Regulations (CFR) Part 152.25

The use of aerosol products with a directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects, including venomous spiders, bees, wasps and hornets. In the event of an emergency application necessary to protect against an imminent threat to human health, a good-faith effort will be made to supply written notification to those on the 48-hour prior notification registry.

If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please complete the attached form and return it to Tony Stager, the Horseheads School District pesticide representative at: Horseheads School District, Facilities Services, 507 Fletcher Street, Horseheads, NY 14845. You may also fax this form to (607)795-2595.

Please note: Four times per year via newsletter or equivalent, a written announcement concerning impending pesticide applications, pesticide use, "emergency" applications and any other associated pesticide use will be provided. This will occur at the beginning of the school year, at the end of the winter recess, the end of the spring recess and the end of the school year. Please feel free to contact Tony Stager at the District Safety Office at 739-5601 ext. 4270 if you have any questions or require further information concerning these requirements.

---

## Forty-eight Hour Pesticide Application Prior Notification Form

**Is email an appropriate method for notifying you of an impending pesticide application? Yes/No**

If not, you will receive a brief notification letter 48 hours prior to an impending pesticide application. Every effort will be made to ensure the notification reaches you 48 hours (or more) in advance of the pesticide application. This time may vary slightly due to postal conditions beyond the control of the district.
