

Pesticide Application Log September-December 2016

The following table summarizes regulated pesticide applications during the period of **September, 2016 to December, 2016**.

If you would like to be included on a **notification register for a specific school or other district property**, please contact the Horseheads Central School District Safety Representative at 607-795-2592. **By applying for this list, you will receive a notice prior to any regulated pesticide application at the school where you registered. Please note: You must apply to be on the registry if you wish to be notified of impending regulated pesticide applications.**

Building/ Area	Specific Location	Name of Pesticide	Date(s)	Time(s)	Pest or Other reason	Board of Education Approval?
