

## ***Required Pesticide Application Notice, September-December 2018***

The following table summarizes regulated pesticide applications in the Horseheads Central School District from the period of **September to December 2018**.

**You can be included on a notification register for a specific school or other district property. By applying for this list, you will receive a notice prior to any regulated pesticide application at the school where you registered. Please note: You must apply to be on the registry if you wish to be notified of impending regulated pesticide applications.**

If you have questions, please feel free to contact the Horseheads Central School District Safety Representative at (607) 795-2592.

### **Pesticide Application Log**
