## **Horseheads Central School District Student Photo Release**

Throughout the year, the school district may photograph, videotape, and/or interview students for its publications or broadcasts, which include both school and district newsletters and videos. Additionally, local newspapers, TV stations, and other community partners sometimes attend school events and photograph, videotape, or interview students about events and issues.

*Please note that the district and media may use the photos and videos taken at school events on their websites and on social media (Facebook, Twitter, Instagram, etc.).*

The district will still publish student pictures and images in school yearbooks.

Please complete the following and return the form to the Main Office **if you DO NOT wish your child to be photographed or videotaped for school publications or by the media**.
