

I. Introduction

Purpose

The Horseheads Athletic Programs strive to provide an environment which allows individuals to excel as students, as athletes and as members of the community. A firm and fair policy of enforcement is necessary to uphold the regulations and standards of the Athletic Department. The community, school administrators, and coaching staff feel strongly that high standards of conduct and citizenship are essential in maintaining a sound program of athletics.

All students participating in athletic programs shall abide by a code of conduct which earns them the honor and respect participation and competition provides.

Eligibility Implementation

The Athletic Code of Conduct applies to students starting in seventh grade. The policy will remain in effect at all times, until the student/athlete graduates from Horseheads Central Schools.

When a student is suspended from an athletic competition, the student will be expected to attend practice unless the suspension encompassed the remainder of the sport's season. If the student misses practice/meetings without a valid reason, the suspension from competition will be extended for additional games/events.

Procedure

It is the responsibility of the entire community, including coaches, advisors, students, and most importantly parents, to ensure that the Code of Conduct is observed. Any violations should be reported immediately to the coaches or athletic director. Due Process will be followed in handling all confirmed report(s) of any violation to Athletic Code of Conduct. Each allegation will be investigated when factual documentation is presented to the administration which supports any violation to the code of conduct. In each confirmed case, a full investigation will be conducted and the student(s) in question will have the opportunity to present his/her position(s) on the allegation to the person conducting the investigation. Upon completion of the investigation the administration will render an appropriate decision.

II. Athletic and Extracurricular Academic Expectations

General Expectations

The primary mission of the Horseheads school district is the development of academic skills. In supporting this mission, all students are required to demonstrate acceptable levels of academic progress throughout the duration of all Extracurricular Activities in which they participate.

Extracurricular Activities Included, but not limited to:

- All Athletic Teams (Modified, JV, Varsity, and Unified)
- Marching Band
- Field Band
- Winter Guard
- Winter Percussion
- Greenroom Players
- Varsity H

For the purpose of the Academic Eligibility Expectations, an Extracurricular Activity is defined as any activity that meets 2 or more times per week during a season's length of time (Fall, Winter, Spring). All activities can be subject to the Academic Eligibility Expectations per administration.

The district desires to maximize the educational success and the character development of all students and to prepare them to become contributing, productive citizens. The Extracurricular Code of Conduct, and the Academic Eligibility Expectations, support this mission. The primary goal of this Academic Eligibility Expectations is to identify academic problems as early as possible and encourage students to take advantage of extra help opportunities.

Academic Eligibility for students participating in Extra-Curricular Activities will be reviewed periodically. Academic Eligibility should be reviewed approximately every five (5) weeks, as determined by the district. For purposes of this Academic Eligibility Expectations, a student's grade in each course shall be reviewed and monitored at the marking periods and progress report periods. A student's eligibility status only changes at the completion of the five-week reporting period unless there was a grade reporting error, or a student has shown that they have corrected their grades (Applies to Level 2 only, See Blue Sheet in "Study Hall" Section).

The Academic Eligibility Expectations is for all Middle School and High School students. Every student who participates on an athletic team or in an extracurricular activity, as defined above, is subject to the Academic Eligibility Expectations. The Academic Eligibility Expectations carry over from one activity to the next.
