

Horseheads High School Pool Morning Lap Swim

We have a lifeguard for the morning lap swim position. Morning lap swim will start this Monday, September 9th, and will be open everyday school is in session. There are major changes so please read below:

1. You will need to park to the left of the ramp leading into the pool. The parking lot used in the past will be blocked off. The only door that will be open is the one near the ramp. Please enter the pool to the immediate left and enter the locker rooms from the pool deck.
2. You will now need to be out of the building by 7:30am instead of 7:40am due to busing issues.
3. There will be a learning curve the first week so please be patient.
4. If I need to close the pool I will email you as soon as I find out, sorry sometimes this might be very early in the morning. I will do my best to keep you informed.
5. The varsity teams will occasionally have practice but they will try to get you plenty of space.
6. Please sign in every morning.
7. School in session means when students report to school. Conference days and holidays are not considered "days in session."

Thank You,
Jared Zembek
